**RESPONSE TO REQUIREMENT FOR
ELECTION OF SPECIES**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This is in response to the Office Action which issued in the above-identified
application on June 17, 2010, requiring an election of species among those species
identified by the Examiner as follows:

Species A, which the Examiner characterizes as being illustrated in Figure 1;

Species B, which the Examiner characterizes as being illustrated in Figure 16;

Species C, which the Examiner characterizes as being illustrated in Figure 21;

Species D, which the Examiner characterizes as being illustrated in Figure 25; and

Species E, which the Examiner characterizes as being illustrated in Figure 29.

Applicants elect, without traverse, Species I, on which claims 1-6, 9-11, 24-28, and 34-38 read.

It is respectfully submitted, at least claims 1, 9, 10, 11, 24, 26, 27, 28, 34, 36, 37 and 38 are generic because these claims also read on the species identified by the Examiner as Figs. 16, 21, 25 and 29.

Since this application contains generic claims, if any of these generic claims eventually is allowed, it is recognized that the instant requirement for an election of species will be withdrawn; and all claims which include the limitations of the generic claims, irrespective of the particular species on which those claims read, likewise will be allowed.

Applicants reserve their right to file one or more divisional applications, if necessary, to proceed with the examination of the non-elected claims.

An early examination on the merits of the claims of this application are respectfully solicited.

Respectfully submitted,

FROMMER LAWRENCE & HAUG LLP
Attorneys for Applicants
